

Leap Ahead Pre-School

Leap Ahead Pre-School Winter 2015

What is Leap Ahead Pre-School? Leap Ahead Pre-School is an interactive dialogic reading program for families and children from the ages of 3 to 5 years old. Children learn best when they are able to make meaningful connections to a story. From a young age, they listen to the people around them read stories, newspapers, letters, etc. A Dialogic Reading Approach takes reading further and allows the child to play an active part of the reading process. Parents ask questions and prompt kids to become part of the text (as reader) and elaborate on their cognitive skills. You will have the opportunity to experience just what a Dialogic Reading Program looks like and why is such an important part in teaching your Pre-Schooler how to read.
